50 MILER

The 50 mile course will begin at 5:45am and head straight out to Upper Antelope. Runners will hit 1st Aid Station at mile 6.2 and then pass through the canyon, and loop back to the same aid station for a 2nd pass (mile 11.8). They will then head to the Slick Rock Aid Station 1st pass (mile 17.8). After passing Slick Rock they will head to Horseshoe Bend Aid Station 1st pass (Mile 20.6) Runners will then cross hwy 89 on their way out to Horseshoe Bend. They will follow the course along the rim of the canyon all the way over to Waterholes canyon.

They will hit the Waterholes Aid Station (Mile 27.5) and cross hwy 89 again. They will continue along the rim of the canyon all the way to the Powerline road.

Runners will then turn onto Powerline Road and make their way back to Horseshoe Bend aid station 2nd pass (Mile 32.3) From here they will head back to Slick Rock Aid Station 2nd pass (Mile 35.2) From here the runners will make their way up to the Page Rim Trail. They will hit a Water only station as they climb up on the mesa (Mile 38.4)

They will then run counterclockwise around the Page Rim Trail hitting the 1st Aid Station Page Rim (Mile 38.7). They will then continue on to Lake Powell Aid Station (Mile 43.9). From there they will continue around the trail, hitting the water only station for the 2nd pass (Mile 48). They will then drop down the mesa and make their way back to the Page Sports Complex to the Finish Line (Mile 51).

55K

The 55k course will begin at 7:00am and head straight to the Slick Rock Aid Station 1st pass (mile 1.3). After passing Slick Rock they will head to Horseshoe Bend Aid Station 1st pass (Mile 4.1) Runners will then cross hwy 89 on their way out to Horseshoe Bend. They will follow the course along the rim of the canyon all the way over to Waterholes canyon.

They will hit the Waterholes Aid Station (Mile 11) and cross hwy 89 again. They will continue along the rim of the canyon all the way to the Powerline road. Runners will then turn onto powerline road and make their way back to Horseshoe bend aid station 2nd pass (Mile 15.8) From here they will head back to Slick Rock Aid Station 2nd pass (Mile 18.7) From here the runners will make their way up to the Page Rim Trail. They will hit a water-only station as they climb up on the mesa (Mile 21.9).

They will then run counterclockwise around the Page Rim trail hitting the 1st Aid Station Page Rim (Mile 22.3). They will then continue on to Lake Powell Aid Station (Mile 27.4). From there they will continue around the trail, hitting the water only station for the 2nd pass (Mile 31.9). They will then drop down the mesa and make their way back to the Page Sports Complex to the Finish Line (Mile 34.4).

HALF MARATHON

The Half Marathon course will begin at 7:30am and head straight up Haul road and cross Coppermine. From here the runners will make their way up to the Page Rim Trail. They will hit a Water only station as they climb up on the mesa (Mile 1.2) They will then run counterclockwise around the Page Rim trail hitting the 1st Aid Station Page Rim (Mile 1.6). They will then continue on to Lake Powell Aid Station (Mile 6.6). From there they will continue around the trail, hitting the water only station for the 2nd pass (Mile 11.1). They will then drop down the mesa and make their way back to the Page Sports Complex to the Finish Line (Mile 13.6).

AID STATIONS & PORTA-TOILETS:

Restrooms and Porta-toilets will be available at the start, finish, and at all the Aid Stations- Antelope Canyon Aid, Slick Rock Aid, Horseshoe Bend Aid, Waterholes Aid, Page Rim Aid, and Lake Powell Aid. Aid stations will also have Gnarly Fuel2O sports drink, water, Vaseline, bread, peanut butter, jelly, e-Gels, Coke, oranges, bananas, pretzels, pickles, potato chips, M&M's, hard candy, salt tabs, etc.

There is an additional self-serve/water only aid station on the Page Rim trail. Horseshoe Bend, Antelope Canyon and Page Rim are also the location of the timers check-in station. Athletes competing for awards must pass-through the timing station at the beginning and end of each respective loop.
